

CRAFTMASTER Series (PD03)

FEATURES and BENEFITS

Vinyl clad Wood Bucked header and jamb profiles:

- Increased rigidity and strength.
- Eliminate the need for extra studs around the patio door.
- Easy to secure to the house frame.
- Ideal for new home construction and renovation.
- User-friendly handling for retailers and installers.

All Vinyl Sill:

- Prevents rotting of the sill.
- Maintains durability of typical All-Vinyl patio doors.

Variable Frame Width:

- Designed to allow flexibility in frame width by extending the width of the wood-core.
- Flexibility in application to houses with varying wall thickness (to accommodate different climate conditions).

OTHER PERFECT® BENEFITS

- 5-5/8" Frame, extendable to 6-5/8", 7-1/4", etc.
- Available in Single Slider (OX/XO) and Double Slider (XX) functions.
- Equal Lites on both sashes.
- Available in mechanically-fastened standard and welded French style patio doors.
- Full perimeter triple layer weatherstripping for excellent air and water tightness.
- Specially formulated, color-matched sealing material for durability in performance and color retention.
- Corrosion resistant anodized-aluminum tracks for long-lasting and smooth operation.
- AAMA certified zinc-plated, double tandem steel roller for durability and smooth sliding.
- Heavy-duty screen with heavy-gauge extruded aluminum frame and fiberglass mesh for solid frame and smooth operation.
- Standard "Landmark" door handle (with lock and key upgrade) and available upgraded "Prestige" series door handles.
- Standard size available: 5', 6' and 8' width and 6'8" and 8' height.
