JLS-80 Jalous Folding Door System

The Signature Aluminum Series from Joulos Doors is our best-selling system, renowned for its versatility, durability, and sleek modern design. Featuring the patented Slide-Pivot-Stack functionality, it offers superior flexibility compared to traditional bi-fold systems. Available in various colors, configurations, and an optional wood-clad finish, it effortlessly complements any design vision, the Signature Series delivers reliable performance in storm-prone environments. Ideal for open-concept living, it creates seamless connections to the outdoors with clean lines and smooth operation, making it our most sought-after choice year after year.

Top Track

Track Placement

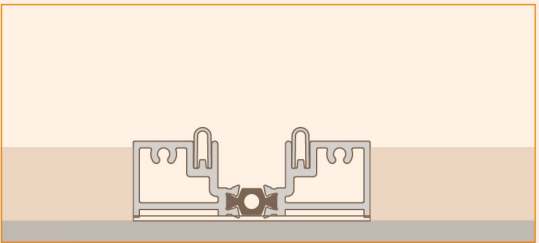

Depending on your design requirements, the bottom track can either be set on top of the subfloor or embedded into the floor.

Here are a few of the most common placements for both the upstand track and the flush track.

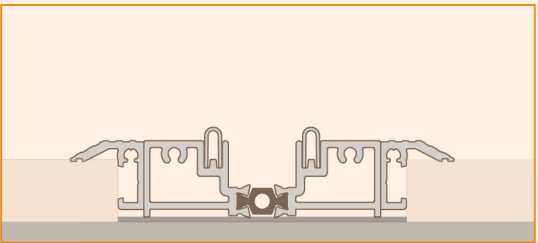

Please consult with your contractor or sales representative as to the suitability of both the track and the placement of the bottom track.

RETRACTABLE SINGLE & DOUBLE SCREENS

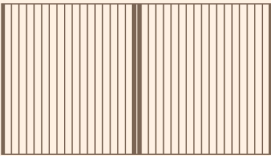

Crafted from sheer yet durable fibers, the retractable screen delivers protection and elegance without obstructing views. Its innovative pleated design offers smooth, partial, or full closure, ensuring flexibility to suit your needs. Designed to cover up to 16 feet with a single screen—or 32 feet with a double—it seamlessly integrates into any space with a discreet profile that preserves the clean, modern aesthetic. Both practical and beautiful, it is an essential upgrade for enhancing your Joulos Door system.

STANDARD COLORS

Our retractable screens are tested to make sure the only thing that gets in is the breeze—available in 16ft single screen and 32ft double screen. All screens are placed on the system's interior and slide on their own track.
